## Chloé Vanity

Pianca SpA · Thursday, April 4th, 2019

The perfect complement to the bedroom, Vanity was conceived as a dual-purpose piece, serving as both a dressing table and desk. Sophisticated and exclusive, it invites you to indulge in those personal activities that make you feel like you're stealing some me-time, like writing, dreaming of a holiday or attending to your appearance in an intimate, personal spot. The shaped shelf can be supplemented with the mirror featuring a fine burnished brass frame, while the generous top underneath features a functional slot at the back for wiring, a drawer with hidden runners and an organizer that comes in different sizes: details that help give the overall look a light, elegant air. With an extensive range of finishes to choose from, you can also customize the unit and create your ideal look: colourful and sporty or more restrained and stylish.
