Vista

Pianca SpA · Wednesday, April 3rd, 2019

The perfect item to complement Pianca walk-in closets; available in multiple finishes these doors create an osmotic division between spaces. Formal cleanliness, lightness, modularity down to the centimeter make Vista a minimal and extremely versatile door system. The main feature is the total absence of frames, in both versions of these doors, in wood and in glass. Single or double track, the structure of the aluminum rails can be fixed to the wall, ceiling or recessed, for an incredible concealed effect.
