Porto

Pianca SpA · Wednesday, May 8th, 2024

Functional, practical and mobile, the Porto modular kitchen has various combining elements: table, serving trolley, sink, induction hob, sink + induction hob, Teppanyaki and grill. Precisely designed to meet outdoor living requirements, Porto has curved Iroko wood tops, a stainless steel tube frame, also available in Espresso and Seta finishes, and impeccable technical performance. All work/cooking surfaces are in stainless steel, as is the sink with reclining tap. The induction hobs with dual cooking zones and 5 mm Teppanyaki plate offer powerful heat performance, running on electricity. The gas-powered grill has the same plate with three cooking zones.
