<sup>EN</sup> Dignified, with its harmonious combination of traditional and contemporary features, **Boston** adds character to any room. The large cushions define a linear, refined design with a shape that tends to be square. The backrest can be plain with a removable cover or feature deep-buttoned upholstery, a precious handmade technique performed by master upholsterers. The base consists of tall, matt, burnished metal feet. Linear, side, corner and peninsula modules are available as well as a chaise longue, an armchair and an ottoman.
