# Cornice

优雅而精致的**Cornice**边柜借用了**Pianca**同名衣柜的名字，缩小了其尺寸，以适应其新的用途。使单元具有其特性的元素是环绕所有门板边缘的框架，勾勒出结构，并突出模块的线条。同样时尚，但稍微有点特殊的是，两端L型的开门，这也是**Pianca**新系列衣柜上的一个特点。这一设计细节肯定会使檐口更具个性，让它完成自己的使命，占据房间的中心舞台，而不是仅仅局限于封闭的形式。一个吸引人的选择是用合成革覆盖门板和台面。

<sup>EN</sup> Elegant and sophisticated, the Cornice sideboard borrows its name from the eponymous wardrobe in the Pianca collection, scaling down its salient features to suit its new purpose. The element that gives the unit its character is the frame that runs round the edges of all the panels, punctuating the structure and drawing attention to the run of modules. Just as stylish, but slightly more eccentric, is the hinged lid style opening of the doors on each end, a feature also found on Pianca's new collection of wardrobes. This design detail is sure to make Cornice even more of a statement piece, allowing it to fulfil its destiny and take centre stage in the room rather than be confined just to its closed form. An attractive option is covering the doors and top in synthetic leather.
