^{EN} Modern and versatile design, wraparound geometries, sophisticated details: Dora is a light, practical and highly versatile armchair. Generous in size, comfortable in shape and padding, the carcass is definitely its distinguishing feature: a single surface that bends and moulds to the shape of the body. High and welcoming, the backrest offers supreme support for the head and shoulders. It comes with removable fabric covers or non-removable leather upholstery. Slim line and slender, the base frame is available in brushed stainless steel, aluminium with a satin bronze finish or can be in bianco or lavagna lacquered.
