Duetto

采取一种可持续的加工方法，简单的形状与高效的制造相结合创造出Duetto，一种由单一金属片和技术先进的设计制成的产品。设计师的直觉取决于固体和空隙的并置，以及边桌作为家庭内外日常活动的多任务伴侣的想法。它有上漆的颜色，铬或任何Pianca系列的金属饰面。

^{EN} Taking a sustainable approach to processing, simple shapes are teamed with efficient manufacturing to give Duetto, the product of a single sheet of metal and a technologically advanced design. The designer's intuition hinges on a juxtaposition of solids and voids and the idea of the side table as a multi-tasking companion to everyday activities both inside and outside the home. It comes in lacquered colours, chrome or any of the metal finishes from the pianca collection.
