

设计师  
Calvi Brambilla

# Logos

这是和著名的Calvi Brambilla工作室的新的合作,这两位设计师已经有名到毋须介绍。他们作为建筑师和设计师的丰富经验与Pianca的专业和理念组合,把新的令人兴奋的想法融入到系列中。在贸易展览会, Pianca会展览Calvi Brambilla设计的产品,包括Logos卧室抽屉单元系列。模块的门板是由相互交流的元素叠加而成的,这是对艺术家和设计师Bruno Munari的致敬,他对将彩色表面放置在一起所产生的空间效果进行了长时间的研究。对比色可以用在门板外层和内层,结合起来创造出不同的外观,可以根据个人的喜好从俏皮到优雅。独特表面的几何也许用手抓住结构为进入它的内部,在二维和三维空间持续的相互作用下。

EN There is a new prestigious collaboration with the Calvi Brambilla studio, a well-known duo who need no introductions. Their wealth of experience as architects and designers, combined with Pianca's expertise and philosophy, is introducing exciting new ideas into the collection. The Calvi Brambilla-designed products that Pianca will be showcasing at the trade fair, include Logos, a family of containers for the bedroom area.

The front part of the modules is a composition of offset, overlaid inter-communicating elements, an homage to artist and designer Bruno Munari, who conducted a lengthy study of the spatial effects deriving from placing coloured surfaces together. Contrasting colours can be used on the outside and inside surface, combining to create different looks that can range from playful to elegant according to individual tastes. The unusual geometry of the surfaces allows you to grab the square in your hands in order to enter into it, in an ongoing interaction between two and three dimensional spaces.
