# Spazioteca

布置个性化空间或一切事物，创造独特的组合、平衡开放与封闭的空间：Spazioteca 是秩序、节奏和比例的协同。经典的书架概念开启了新的多功能可能性，提供了一个存放物品、书和电视的地方，划分了家庭区域并集成了家庭办公解决方案。这是第一个模块化系统，带有侧板、搁板、背板和搁板（它们的放置标准单位距离是1cm），组件的固定洞眼和五金部分是隐藏的。每个结构有同样的动感和轻巧的设计，定制以满足每个需求。

EN Arranging a customised spacer everything, creating distinctive combinations and balancing open and closed spaces: Spazioteca is the synergy of order, rhythm and proportion. The classic bookcase concept opens up to new versatile possibilities, providing a place to store objects, books and a TV screen, dividing areas of the home and integrating home office solutions. It is the first modular system with side panels, shelves, back panels and dividers with 1 cm pace as standard, and compartments with no visible holes or hardware. Every composition has the same dynamic, lightweight design, custom-made to meet every need.

# 结构
## EN Structure

**组件**
**EN Components**

Spazioteca 是一个完全可定制1厘米步的模块书架系统。它的名字是从结合开放部分跟 Spazio 系统柜门和模块可能来的。无洞与五金设计给产品平整与严格纹路。每一个结构元素可宽和高 3 厘米，

EN Spazioteca is a modular bookcase system, which can be fully customised at a 0.39" pace. The name comes from the possibility of combining open compartments with doors and modules of the Spazio system. The hole and hardware-free design gives the product clean and rigorous lines. Each main constructive element can alone measure 1.18" in width and height
