

IT Una genesi creativa vicina all'ordine naturale delle cose. Scultorea e avvolgente, Peonia è la nuova seduta disegnata da Cristina Celestino per Pianca. Come il fiore da cui prende il nome, Peonia rigogliosamente trasforma il suo intorno. Il guscio della poltrona si compone di piani differenti, in un crescendo evocativo che richiama i petali di una corolla. Il divano, con la stessa matrice formale, diventa seduta regale e ricercata. Le geometrie modulari permettono di creare infinite combinazioni, giocando con diversi livelli e altezze, vuoti e pieni. L'intera struttura è rivestita in tessuto, in un continuum cromatico e materico tra base e seduta.

EN A creative genesis close to the natural order of living things. Sculptural and inviting, Peonia is the new collection designed by Cristina Celestino for Pianca. Like the flower after which it is named, Peonia transforms its surroundings with lush splendour. The shell of the armchair is composed of different surfaces, arranged in an evocative crescendo that recalls the petals of a corolla. The sofa of the same design becomes an elegantly regal seat. The modular geometric forms allow infinite combinations to created, experimenting with various levels and heights, solids and voids. The entire structure is fabric upholstered in a continuum of colours and textures in the base and seat.
