

Giona by Pier Luigi Frighetto

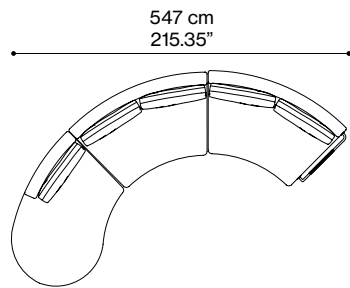

IT Modulare e sofisticato, Giona si distingue per l'equilibrio tra morbidezza delle forme e precisione costruttiva. La struttura accoglie ampi cuscini di seduta in poliuretano, abbinati a schienali in piuma, per offrire un comfort generoso e calibrato. Il bracciolo, elemento iconico del progetto, è realizzato in tubo metallico e rivestito da un intreccio in corda di cuoio naturale e completato da un cuscino in piuma.

Un dettaglio funzionale e decorativo che richiama la tradizione artigianale in chiave contemporanea. Le linee leggermente curve della composizione e il rivestimento in tessuto contribuiscono a definire un'estetica elegante e accogliente, pensata per ambienti che ricercano carattere e personalità.

EN Modular and sophisticated, Giona stands out for its balance between soft forms and precise construction. The structure supports large polyurethane seat cushions paired with feather-filled backrests, offering generous and finely tuned comfort. The armrest—an iconic element of the design—is made of metal tubing, wrapped in natural leather cord weaving, and completed with a feather cushion. This functional and decorative detail evokes traditional craftsmanship through a contemporary lens. The slightly curved lines of the composition, along with the fabric upholstery, help define an elegant and welcoming aesthetic—designed for interiors that seek character and personality.
